Action Plans for Administrators and Principals:

- 1. To Understand Swami's Divine Discourses for this Conference.**
- 2. To Uphold the Name of Sathya Sai.** Identify through research the most effective academic and management practices based on Educare in Sathya Sai schools, including teacher training, which implement the education principles of Sathya Sai. Adopt identified effective practices by other Sathya Sai schools after modifying for culture.
- 3. To improve communication.** The Institute of Sathya Sai Education will establish communication between Sathya Sai Schools, including resources, such as websites and publications, teacher support programs, and regular conferences both regionally and globally.
- 4. To improve educational quality.** Development of individual Sathya Sai School site plans to address the improvement of quality aligned with SAI 2000, emphasizing the importance of the teacher. There will be regular reporting of school and student progress.
- 5. To expand.** The Institutes of Sathya Sai Education will look to inspire and help more schools to follow Sathya Sai ideals.
- 6. To improve public relations.** The Institutes of Sathya Sai Education and Sathya Sai Schools will develop public relations strategies to address and inspire local communities and governmental policy-makers with the ideals of Educare as given by Sathya Sai.
